

The Onyx collection is inspired by five extraordinarily expressive onyx varieties, ranging from Avorio – with Vein and Cross graphics – to three accent shades in Blu, Verde, and Perla.

The combination of Onyx Avorio and Onyx Venato Avorio enables harmonious compositions, gracefully melding sobriety and elegance within a singular design concept. The graphics are available in the large slab format of 120x278 cm - 48"x109" with a 6.5 mm thickness, ideal for seamless claddings with striking visual impact, as well as in flooring formats of 120x120 cm - 48"x48" and 60x120 cm - 24"x48", in 9 mm thickness.

Onyx collection redefines the elegance of onyx stone through the contemporary lens of ceramic design, faithfully reproducing every detail with extraordinary visual fidelity, enabled by the most advanced technologies applied to next-generation porcelain stoneware. Precious surfaces adorn spaces with balance and lightness, transforming their splendour into a new visual and sensory experience.
